## Webinar: Advance Your Career in Sustainability

Are you looking to accelerate your career?

Carbon Care Asia (CCA), a leading sustainability consultancy, is launching an executive certificate programme with HKU SPACE to nurture sustainability professionals. The programme offers two modules - "Sustainability Professionals" and "Climate Competence", which are suitable for those who wish to embark on a new career in sustainability and those who wish to expand their horizons in current sustainability practices.

**Employees of members of CHKLC who registered for the course(s) will get a one-on-one advisory session on sustainability career development by CCA consultants for free!**
