Market Development Division  
Hong Kong Monetary Authority

**Organiser:**  HONG KONG MONETARY AUTHORITY  
香港金融管理局

You are invited to a webinar on Green and Sustainable Finance Grant Scheme, organised by the Hong Kong Monetary Authority (HKMA).

To support green and sustainable bond issuance and lending to further enrich the green and sustainable finance ecosystem in Hong Kong, a new Green and Sustainable Finance Grant Scheme (GSF Grant Scheme) has been launched by the Hong Kong Monetary Authority (HKMA) on 10 May 2021.

The GSF Grant Scheme as announced in the 2021-22 Budget provides subsidy for eligible bond issuers and loan borrowers to cover their expenses on bond issuance and external review services. The Scheme will last for three years.

Speakers from the HKMA will share with Members the content of the GSF Grant Scheme and a broader policy roadmap on green and sustainable finance.
